in Increase Over Last Year of \$13,-000,000-Phenomenal Year of Pros-

perity-Notes and Personals.

Philadelphia, September 30 .- Remarkable growth in business is shown by the

Pennsylvania company in its report for

J. B. BROOK. Traveling Freight and Passenger Agent.

shows that each of its 10,392 miles of track earned for the company this year almost \$8000. The average earning capacity of the railroads in the country taken fogether is but \$7005 a mile, while property that will earn \$6000 a mile is considered giltedge. While the New York Central system has 162 miles of track more than the Pennsylvania, the Lake Shore and the Michigau Central must be figured in to obtain this result, so that Central system has 162 miles of track more than the Pennsylvania, the Lake shore and the Michigan Central must be figured in to obtain this result, so that many financiers and railway men look upon the Pennsylvania as the greatest system in the world.

L. J. Parks, general passenger agent of the Southern Pacific, left yesterday for Rockport.

W. H. Taylor, general freight and passenger agent of the Houston East and the world.

system in the world.

A comparison of the two years, so far as the figures have been given out, may be made from the following table:

Brail trains arrive and depart from the Grand ferri depot except the Missouri. Kansas and Texas his withhave a depot in the Fifth ward, the influence and Great Northern and Columbia. Tap, such see the international and Great Northern depot and features except. The Missouri. Kansas and failusson, Houston and Henderson trains to be international and Great Northern depot. tiself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefitted, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop.

Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Reep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases.

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and

their duty to be bluff and gruff. They thought that was what they were paid to be. All at ence, however, a new class stepped in and this new school adopted different methods. They undertook to please the public, to cater to the wants of the people; to make everybedy feel that the railroad had an interest in him and he in the railroad, and this policy today is working wonders in Texas. It is bringing together the people and the great corporations, and each assets the other. It is this great individuality which is working out the growth, settlement
